

Atreyi Kankanhalli

Dr. Atreyi Kankanhalli is Assistant Professor in the Department of Information Systems at the National University of Singapore (NUS). She obtained her B. Tech. from the Indian Institute of Technology Delhi, her M.S. from the Rensselaer Polytechnic Institute, New York, and her Ph.D. from NUS. She had visiting stints at the Haas Business School, University of California Berkeley and the Indian Institute of Science, Bangalore. Prior to joining NUS, she has considerable experience in industrial R & D. She has consulted for several organizations including World Bank. Her research interests include knowledge management, IT-enabled organizational forms, and IT in public sector. She has conducted a number of industry studies in these areas and been invited to speak on them. She has been teaching both undergraduate and graduate courses in Information Systems including Information Organization and Electronic Government.

Dr. Kankanhalli's work has appeared in several books and premium journals such as the MIS Quarterly, Journal of Management Information Systems, IEEE Transactions on Engineering Management, Journal of the American Society for Information Science and Technology, International Journal of Human computer Studies, Journal of Strategic Information Systems, European Journal of Information Systems, Communications of the ACM, *and* Decision Support Systems. Her research has been presented at leading conferences including the ICIS, Academy of Management Meeting, HICSS, and WITS. She has served or is serving on several conference committees such as ICIS, PACIS, GDW, ICTD, and ICKM and serves on the editorial boards of the International Journal of Knowledge Management and Journal of Global Information Management.

Dr. Kankanhalli was awarded the President's Graduate Fellowship, Dean's Graduate Award, and Infocomm Development Authority Gold Medal at NUS. She is also the winner of the ACM-SIGMIS ICIS 2003 Best Doctoral Dissertation award and runner-up for the MISQ Reviewer of the Year award 2005. One of her articles has recently been featured by ESI as a Fast Breaking Paper in the Field of Economics and Business.
